## Tip #1

**HOW TO MOTIVATE YOUR CHILD:**  
Attention – showing legitimate interest in activities that kids are involved with provides inspiration. Attending games, asking questions, practicing with, showing enthusiasm and providing financial support are all means of showing kids that you are interested in the same things that they are.

## Tip #2

Don't blame the equipment, coach, other players, referees or even the weather if your child or the team does not do well or win. Blaming others teaches non-accountability to kids.

## Tip #3

Teach your child to respect his/her coach. Do this primarily by showing respect to the coach yourself. It is vital to the child's progress and performance that he or she listen to and trust the coach's advice and instructions.
